# TCSS Schools
Network Login and
Student Email Access

The Tuscaloosa County School System is excited to offer its students in grades 3 thru 12 individual network login, and email accounts.

Students accounts will follow the naming convention as described below for a sample student name **John Doe** that was born on **July 4, 2000**.

Login Name for network computer, or email access will consist *first name period last name birth-month birthday* (Example: **john.doe0704**)

A student's email address will follow the same name convention to become **john.doe0704@tcss.net**

Using any web browser, students may access web mail at **http://webmail.tcss.net** or from links on the district website **www.tcss.net**

** **The School System** will not support any student with troubleshooting the setup of email on mobile phone devices.

** **Login names are limited to 20 characters.** If the first name period last name exceeds 16 characters, the last name will be truncated.

For example, a student with the name of **George Washington** who was born on Jul 4, 1776 username would be **george.washingto0704**

** **Schools** will distribute student passwords in a separate communication.
